ARYSTO EIGHT

The Red Dot award winning ARYSTO EIGHT range elevates any space it occupies. Subtle design detailing has been used to enhance the virtually frameless quality of the range. The chamfered edges of the ultra slim frame reflect ambient light reducing the visual impact of the enclosures.

Every detail has been very carefully designed within this range - many of the standard design features have been redeveloped to ensure we maintained the integrity of the design and aesthetic we set out to achieve.

ARYSTO SLEEK

There's nothing quite like stepping into a beautiful bathroom. Many of us are recreating this room as we increasingly value the importance of wellness, relaxation, and self-care. Our stunning Arysto Sleek range is designed to act as a centrepiece in any bathroom.

 **NEW**
PRODUCT

FEATURES & BENEFITS

Easy to clean and maintain - Mershield Stayclear™ invisible protective glass coating prevents the build-up of limescale and soap to keep your shower enclosure looking like new for longer.

Lifetime Guarantee - MERLYN is committed to developing products that meet the highest standards. We are so confident in our products and service, that we offer a lifetime guarantee.

Reversible door - Arysto Sleek doors can be fitted for either left or right hand entry depending on the bathroom design and layout.

Concealed fixings - A stylish design with discrete, hidden fixings and no visible screw holes for a clean, premium finish.

Quick release rollers - Our Sliding and Quadrant door options feature quick - release bottom rollers for easy cleaning.

Recyclable packaging - Delivered safely and securely with minimal packaging and no single use plastics.

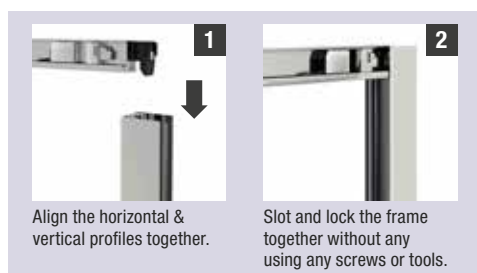

Soft close - The door opens and shuts with virtually no sound, making it the perfect choice for family bathrooms.

Multi-purpose - Suitable for wetroom and shower tray application.

Anodised finish - The colour layer is fully integrated with the underlying aluminium substrate, so it cannot chip or peel. Making it more durable than powder coating.

Handles - Our Chrome products have a solid metal chrome handle. Matt Black and Brushed Brass have a double metal handle.

Quick and easy installation - Our Sliding, Quadrant, Hinge and Infold shower enclosures can be installed in two simple steps.

COLOURED FINISHES

Create a bathroom that's as unique and individual as you with our collection of four stunning contemporary colours.

MSTONE

A highly engineered tray providing rigidity and strength and combined with a relatively low weight. MStone trays are ideal for 'low level' installation. Alternatively, you can raise your tray and in such cases you will need the MStone shower tray panel kit.

Features & Benefits

- > Double skinned for added rigidity.
- > 50mm high to achieve minimalist design.
- > 130mm high including tray panel set.
- > Comes with 90mm fast flow waste.
- > More than 30 sizes available.
- > The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- > Available as low level or with tray panel kits for easy installation.
- > Shower tray lifetime guarantee.

CLEANING

- › It is important to clean your MERLYN shower door after every use.
- › Wipe down all the glass and metal parts with a soft cloth.
- › Do not allow lime scale to build up in hard water areas.
- › Ensure that any residual water on the glass is removed after every use.
- › Clean the glass regularly using soapy water.
- › Do not use abrasive products on any surfaces.
- › Install the enclosure in a well ventilated area.
- › When cleaning your ARYSTO X do not direct a high pressure stream at the seals or at a point of overlap between 2 panels as some water may escape.

Information and Maintenance

Always read the instructions on the packaging. Chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

ISO CERTIFICATION

MERLYN has implemented an Integrated Management System comprising of Quality Management, Environmental Management and Occupational Health and Safety Management. An Integrated Management System ensures the seamless integration of several different standards into a common system that meets the requirements of each of these standards. These certifications are proof of MERLYN's credibility but also to instil confidence in our potential clients that MERLYN will keep its promises.

The ARYSTO collection is available from specialist retail showrooms only. Our dedicated and highly trained MERLYN Sales Team are waiting to provide all the professional assistance and advice needed to help you choose the right enclosure.

Due to our policy of continuous improvement we reserve the right to amend prices, specifications and designs without prior notice.

MERLYN revo

PRODUCT INFORMATION

Please read the complete instructions before commencing fitting.

This product must be installed by a qualified contractor. MERLYN does not accept responsibility for incorrectly installed products. MERLYN suggest for ease of use that the revo rail is installed at a height of approx 900mm from the floor/tray level. This may vary depending on the user's requirements.

Masonry wall installation

The rail product has been designed to withstand a vertical static load of 150KG. Exceeding this load may cause permanent damage. The fixings must be anchored into the below masonry wall types only

- › Concrete ≥ C12/CSS
- › Solid brick ≥ Mz12 (DIN 105)
- › Sand-lime perforated brick ≥ KSL12(DIN 106)

Timber stud installation

When fixing into a timber stud no wall plug is used. The fixing must be anchored directly into a wooden stud or noggin with a depth no less than 60mm. Alterations to an existing stud frame may be necessary so that fixings are positioned directly into a stud or noggin.

Under no circumstances should this product be anchored through just tiles and tile adhesive with a backing of plasterboard, plywood, chipboard or similar.

DO NOT attempt to install the product unless you can tick all 5 boxes satisfactorily

- Check that you have the tools required
- Check the installation site is compatible with the rail supplied
- Check all rail components are present
- Check the installation kit is complete
- Check that your fixings are anchoring into a compatible wall type or directly into a timber stud/noggin with a depth no less than 60mm

CLEANING AND MAINTENANCE

It is important to clean your MERLYN revo rail after every use. Wipe down all parts with a soft cloth. Do not allow limescale to build up in hard water areas. Ensure that any residual water on the rail and container are removed after every use. If necessary the stainless steel base can be removed from the bottom of the container for ease of cleaning.

- › Clean the components regularly using soapy water
- › Do not use abrasive products on any surfaces
- › Do not clean parts in a dishwasher

WARNING

The chrome and plastic components are vulnerable to

- › hair dyes
- › strong disinfectants
- › strong household cleaners
- › denture cleaners
- › wine making or photographic chemicals

These may contain dyes, acid or abrasive chemicals which may have a varying effect on the surface from black spot/ streaks (which cannot be removed) to pitting the surface.

Contact with these materials should be avoided. If the container or other parts do encounter these dyes or chemicals please rinse thoroughly immediately after contact

GUARANTEE

MERLYN 15 year guarantee covers all metal parts on products used for Domestic purposes only. MERLYN guarantee all plastic and wearable parts against defect in materials for a period of 1 year from the date of purchase. The products must be installed and maintained in accordance with the instructions provided.

The guarantee does not cover:

- › Non product faults such as damage caused by over loading of the accessory arm, improper use, inappropriate cleaning, lack of maintenance, build up of limescale, corrosion, chemical attack or where no fault has been found with the product
- › Accidental or wilful damage
- › Damage or defect caused by the repairing or modification by the user or installer
